## BOOK SYNOPSIS

New York Times bestselling author Nicole Lapin is back with a sassy and actionable guide empowering women to be the boss of their lives and their careers. You don't need dozens or hundreds of employees to be a boss, says financial expert and serial entrepreneur Nicole Lapin. Hell, you don't even need one. You just need to find your inner Boss Bitch — your most confident, savvy, ambitious self — and own it. A Boss Bitch is the she-ro of her own story. She is someone who takes charge of her future and embraces being a "boss" in all aspects of the word: whether as the boss of her own life, family and career, the literal boss at work, or, as the boss of her own company. Whichever she chooses (or all three), a Boss Bitch is someone who gets out there and makes her success happen — and so can you. Lapin draws on raw and often hilariously real stories from her own career — the good, the bad, and the ugly — to show what it means to be a "boss" in twelve easy steps. In her refreshingly accessible and relatable style, she first shows how to embrace the "boss of you" mentality by seizing the power that comes from believing in yourself and expanding your skillset. Then she offers candid no-nonsense advice for how to kill it at as the "boss at work" whether you have a high-up role or not. And finally, for those who want to take the plunge as an entrepreneur, she lays out the nuts and bolts of how to be the "boss of your own business" from raising money and getting it off the ground to hiring a kickass staff and dealing office drama to turning a profit. Being a badass in your career is something that should be worn as a badge of honor, says Lapin. Here, she inspires us to rise to the occasion and celebrate our successes — and then keep killing it like the Boss Bitches we are!
