Artwork from the book is available to instructors online at: www.blackwellpublishing.com/goldberg "This is one of the best textbooks that I have read in years. I enjoyed reviewing it, and found it well-written and thorough in its coverage of the traditional earth science aspects of geoarchaeology. The non-traditional aspects were intriguing and equally thorough... I predict that this book will become the textbook of choice for geoarchaeology classes for several years." *Geomorphology* 101 (2008) 740-743
