BOOK SYNOPSIS

At once sophisticated and practical, *Writing in Engineering: A Brief Guide* leads students through how to compose design reports, lab reports, and other key engineering genres while attending to the principles of argument, style, and visual design. It is a part of a series of brief, discipline-specific writing guides from Oxford University Press designed for today's writing-intensive college courses. The series is edited by Thomas Deans (University of Connecticut) and Mya Poe (Northeastern University).
